

Gold Rush

Gold rush fever hits Ella Mentry School when Mr. Burke finds gold buried under the monkey bars. What do you think it would be like if there were gold hidden somewhere in your school? Where do you think it would be hidden? Who do you think would find it?

Use the space below to create a map of your school that leads to the buried treasure. Be sure to include all of your favorite places, teachers, and an "X" to mark the spot where the treasure is located.
