

Run For Class President

In *Mayor Hubble Is in Trouble!*, A.J. and Andrea run against each other for class president. They each brainstorm a slick slogan to represent their campaign and design posters with their slogans to hang around school.

If you were to run for class president, what would your slogan be? Think about what you'd like to change about your school and why your personality would fit the role of leader of your class. Design your campaign poster below, incorporating your slogan in a creative way.
